FAQ
What can I request?
You can request articles and chapters, which can arrive as quickly as the same day, as well as books and other formats (DVDs, CDs, scores, etc.), which take approximately 2-7 days.

Will you scan articles and chapters from a journal or book on the shelf at UConn?
We sure will! This is our Scan on Demand service. We’ll scan our print resources for you.

Will you pull a book from the shelf for me and put it on the holdshelf?
Yes indeed! It doesn’t matter which UConn library owns it. Choose any pickup location you like: Storrs (Babbidge, Music & Dramatic Arts, and Pharmacy), Avery Point, Hartford, Stamford, and Waterbury. You’ll get a notice when it’s ready.

Where can I return my borrowed materials?
You can return items at the UConn libraries in Storrs (Babbidge, Music & Dramatic Arts, and Pharmacy), Avery Point, Hartford, Stamford, and Waterbury. You can’t return them to your public library.

Who can pick up my requested materials?
Requested materials must be picked up by the person requesting them; they cannot, for example, be picked up by a teacher, sibling, or parent.

What can’t I request?
You can’t get current course-adopted texts, workbooks, and standardized tests.

How long can I keep something I have obtained through ILLiad?
Items borrowed from beyond UConn will have the due date printed on the ILLiad bookband. Due dates are set by the lending library. If you need it longer, you can log in to ILLiad and request a renewal; if there is no renewal option, you can select “clone” to get another copy on the way. There is no grace period for overdue ILLiad items.

How much does this cost?
This service is subsidized by UConn and comes at no cost to you!

What else do I need to know?
Remember that books and other items checked out through ILLiad are not owned by UConn and are the property of other institutions. It’s important that they be treated with care and be returned on time to avoid costly fines and fees, which are not refundable. These materials are for personal use and not for course distribution.
